\*A representative must submit an affidavit or power of attorney signed by the property owner of record authorizing the representation.

**APPLICATION SUBMITTAL ITEMS:**

The following submittal materials must be submitted in full before the application will be deemed complete (please check all items that are being submitted):

- Applicable fees and deposits.
- Project Narrative, describing the project, its compliance with any applicable review criteria, any impacts to the surrounding area, and any other relevant information.
- Surrounding and interested Property Ownership Report (see project specific checklist for more information).
- Proof of Ownership (ownership & encumbrance report) for subject property.
- Site Plan, drawn to scale and depicting the locations and boundaries of existing and proposed lots and structures.
- Project specific checklist.

**FEES AND DEPOSITS:**

See Eagle Municipal Code Section 4.03.080

1. Application fees shall be paid in full at the time of the filing of the application and unless paid, the application shall not be deemed complete. All fees are nonrefundable.
2. As described in Eagle Municipal Code § 4.03.080, third-party consultants may be necessary for the review and processing of applications. These costs ("pass-through costs") must be paid by the applicant. If pass-through costs are expected, the applicant must pay a deposit at the time the application is filed. If at any time the deposit does not fully cover the pass-through costs, the applicant must pay another subsequent deposit before the Town will continue processing the application.
3. The Town may withhold the recording of any Subdivision Final Plat or Development Plan or the signing of any Resolution or Ordinance until all pass-through fees are paid in full.
4. Within 30 days of approval or denial of an application, any remaining deposit shall be returned to the applicant. If an application is withdrawn, any remaining deposit shall be returned to the applicant within 60 days.

I have read the application form and certify that the information contained herein is correct and accurate to the best of my knowledge. I understand that it is my responsibility to provide the Town with accurate information related to this application. I UNDERSTAND THAT FILING AN APPLICATION IS NOT A GUARANTEE THAT THE APPLICATION WILL BE APPROVED.

#### **For Land Use & Development Application for Lot 3, Building C, Chambers Avenue Condominiums**

Date of Application 1/15/2021

We are seeking approval for a new Special Use Permit to change the residential use in Building C, Lot 3, at 700 Chambers Avenue. We would like to change from *One Single Dwelling Unit- Accessory to a use permitted to Dwelling units-above street level*. This new residential use would allow us to subdivide the upper level residential units separate from the commercial units. The residential units on the ground floor would each be accessory to one of the commercial spaces to continue their Accessory residential status, since those units do not meet the terms of above street level. Having the ability to separate the units would allow us as business partners to have a clean division of the property to get separate loans for our portions. This is not necessarily a new application in that this application does continue residential use and has no additional impact on neighboring partners from what was approved prior. In this application, we are reconfiguring how the units within the building are deeded in order to comply with the newer *Dwelling units-above street level* residential use.

#### Agreed Upon Site/ Plat Information

The final plat for Lot 3 of the 700 Chambers Avenue Subdivision conforms to the preliminary plat that was reviewed and approved by the town. The final plat has addressed any concerns that were voiced by the town staff and town's engineers. Lots 3 and 4 complete the development that was previously approved by the Town of Eagle and under the current special use permit (file #SU15-05 A). Some information was updated within SU16-07 demonstrating continued conformance to the Town's regulations, goals and policies.

The proposed project meets the standards as provided in Section 4.07.022, including but not limited to setbacks, building massing/form/orientation, architectural detail, landscape/sidewalks, and parking

The proposed development is in conformance with the Town's goals and policies. The proposal will meet all of the development standards of the Commercial General zone district, as demonstrated in the sections below:

#### Cost Estimate for All on-site/off site Public improvements:

No Improvements are being constructed.

#### Variances: No Variances.

Utilities:

Water and sewer lines were extended to serve Lots 2-4 and was guaranteed in a Subdivision Improvement Agreement, which has been fulfilled. Electric, water and sewer have been extended to an easement serving lots 3 and 4 with the service points/connection points already in place. Adequate water and other services were verified as part of the Subdivision Improvement Agreement/review. The civil drawings are part of the original submittal.

Fire Protection Plan:

Though the project is within the 3 mile driving distance from the fire station, the building design will incorporate a fire sprinkler system and be equipped with a monitored alarm system to serve the whole building. During the design build process/layout of sprinkler heads there shall be a review by the Fire Marshal before installation of the systems. During the Special Use Permitting process the connection of the road through the property to Sawatch was reviewed and approved by the Fire Marshal. This connection was a requirement of the, in place, minor subdivision plan.

Lighting Design for Parking:

The lighting design was completed by RAB lighting and was attached to the original submittal. To comply with the lighting ordinance, the designer has targeted a min of 0.5 fc in the parking lot, and a max of 3 fc, with an avg: min of 4:1. This layout provides a min of 0.5 fc, a max of 4.8 fc, and an avg: min of 3.6:1

Compliance with the Town's Goals, Policies, and Regulations

The vision provided in the 2010 Eagle Area Community Plan states: "Eagle will continue to be a high quality livable community through the implementation of strategies that will enhance the Town's unique identity, its economic vitality, its sense of community and the quality and character of the surrounding rural lands."

The residential/ commercial park at 700 Chambers is consistent with and in some ways furthers the goals and policies as provided in the 2010 Eagle Area Community Plan. Lot 3 is located close to the town center of Eagle and are located within the Town's Urban Growth Boundary. The building is in a planned residential/ commercial park built with materials and colors that improve the level of appearance in the area of Chambers Avenue through the design of the buildings, the harmonizing colors, and planned landscaping. The signage and future structures will correspond with this level of development and further enhance the appearance of Chambers Avenue.

The Eagle Area Community Plan also provides planning approaches which are vital to the Town's vision statement. Below, we address a few of these approaches we feel our buildings directly influence:

- 1) Concentrate Urban and Infill Development: Lot 3 is located within a platted residential/ commercial subdivision, surrounded by other commercial uses and within walking distance to Eagle town center and other commercial areas located off of Eby Creek Road.
- 2) Maintain the Area's "Sense of Community": the building is located in our residential/ commercial park that is unique, in that it provides recreational opportunities with the climbing gym for the community, which builds on Eagle's reputation for being an active place for residents and visitors. The commercial spaces are attracting businesses that deliver to the

recreational aspect of the town and also businesses that build on the family concept of the climbing gym too. The residential units are attracting tenants who want to be located close to work, those interested in the surrounding businesses, and those wanting to enjoy the local outdoors that are easily accessible via walking, biking, short drives, or the county bus.

- 3) Maintain and Enhance Recreational Opportunities: Recognizing that active recreational opportunities are important to Eagle residents, this residential/ commercial park project provides new opportunities for recreation for families and kids. The climbing gym expands the offerings for families in the valley. Dewey Dabbles is also very popular location for both adults and kids. We are hoping to continue to build upon new family options or businesses that support new options for families.
- 4) Provide Affordable Housing: This project provides a new opportunity for housing within a major commercial center and close to employment opportunities located within walking distance or accessed by the county bus which has a bus stop within a short walking distance. The recreational and family centered businesses have each been a draw for our residential tenants. Due to businesses within the area being family focused, we do background checks on the residential tenants. From the beginning, we have given rent discounts to teachers, firemen and policemen. Now during the pandemic, we have broaden those discounts to honor those frontline employees by offering a discount on rent of about \$200/month.
