STONE ATTACHÉ™ COLLECTION – COLORBODY™ PORCELAIN

Ageless and Innovative – the Dignitary™ Series

The imaginative Dignitary Series provides depth on surfaces as it replicates French limestone embedded with fossil layers and natural veins. Beautiful in any setting, this outstanding ColorBody™ porcelain tile is equally suited to traditional or contemporary styles, bringing ageless dimension to every application. An array of colors in matte finish are available in three large-format sizes and a coordinating mosaic. Polished and textured finishes, as well as a 2 cm thickness, are also available in select sizes.

- REIMAGINING A CLASSIC
 - Small fossils and veining replicate the look of French limestone that has stood the test of time
 - Six rich neutral colors appeal to contemporary tastes
 - 2 cm thick tile available in 24 x 24 size and three colors
- AGELESS BEAUTY ANYWHERE
 - Three finishes offer the ability to stretch designs from floors to walls, indoors, and out
 - Three large-format sizes plus an abstract mosaic all provide dimensional depth

Cover photo features Dignitary™ Superior Taupe 24 x 48 on the floor, Superior Taupe 12 x 24 on the left wall, Luminary White 12 x 24 on the right wall, and Superior Taupe abstract mosaic on the shower wall. Above photo features Dignitary™ Superior Taupe 24 x 48 on the floor and Luminary White 12 x 24 on the wall.

NOTES

- Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards.
- Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.
- For additional information refer to "Factors to Consider" at: daltille.com/Factors.
- Random visuals enhance the natural beauty of this product. To achieve optimal results, all tile should be selected from multiple cartons and shading and graphic arrangement planned prior to installation.
- Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to daltille.com/LargeTiles for more information.
- Manufacturer Advisory: All tile is measured by the DCOF AcuTest™ method. Tiles with DCOF values <0.42 are not recommended for use in areas with wet or slippery conditions. For more information, see ANSI standard A137.1 section 6.2.2.1.10, available at www.tileusa.com.
- Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the surface. Use of a latex modified thin-set is recommended for installation.
