

SEVENTH AMENDED PUD GUIDE FOR EAGLE RANCH PLANNED UNIT DEVELOPMENT

**Amended and Approved
January 12, 2022**

This document supersedes and replaces the, December 3, 1998, the Amended PUD Guide dated February 13, 2001, the Amended PUD Guide dated August 2003, the Amended PUD Guide dated March 30, 2004, Eagle Ranch PUD Guide February 26, 2013, and the Amended PUD Guide dated March 14, 2017, and the Amended PUD Guide dated January 12, 2022.

1. PURPOSE

The purpose of the Eagle Ranch PUD Guide is to serve as the governing regulations which will control the development of the Eagle Ranch PUD. The PUD Guide will serve as the “Zone District Regulations” for the PUD and is in conformance with the Town of Eagle Land Use and Development Code.

The Eagle Ranch PUD authorizes a mixed-use development on 1,967.91 acres of land within the Town of Eagle, Eagle County, Colorado. Development within the PUD is administered by the Town of Eagle through the provisions of this PUD Guide. Building construction within the PUD is governed by the applicable Town of Eagle ordinances, rules, regulations and codes. Approval of this plan constitutes a vested property right pursuant to section 24-68-103, C.R.S., as amended.

2. DEFINITIONS

Unless otherwise defined below, all terms used in this document shall be as defined by the Town of Eagle Land Use Regulations.

Accessory Apartment:

Accessory apartment to owner-occupied single-family dwelling means an individual dwelling unit subordinate to, and contained within or adjacent to, a single-family dwelling as may be further regulated in the Eagle Ranch Design Guidelines, subject to the following requirements:

1. The accessory apartment will be a complete, separate housekeeping unit.
2. The owners of the residence in which the accessory unit is created shall occupy at least one of the dwelling units on the premises except for temporary absences, during which time the owner-occupied dwelling unit shall remain unoccupied.
3. The accessory unit shall not exceed 850 square feet of floor area (as defined herein)

with a maximum of one-bedroom.

4. The Executive Board of the Eagle Ranch Property Owners Association may adopt additional rules, regulations, and guidelines regulating accessory apartments.

Accommodation Unit:

Any room or group of rooms without a kitchen, used primarily as a bedroom for transient lodging, and accessible from common corridors, walks, or balconies without passing through another accommodation unit or dwelling unit. For purpose of density calculations one dwelling unit shall equal 3 accommodation units.

Bed and Breakfast:

An owner occupied dwelling unit that contains no more than four guest rooms where lodging, with or without meals, is provided for compensation.

Building Height:

The height of a building is measured using an elevated plane above the more restrictive of the existing or finished grade measured along the perimeter of the building or within the building footprint. No portion of the building or structure, except for chimneys may exceed this plane. For multiple family and commercial buildings, non-habitable architectural features such as mechanical appurtenances, chimneys, towers, steeples and similar features may exceed the building height by not more than 15 feet. The elevated plane is determined by the building height limitations contained within this PUD Guide.

Eagle Ranch PUD:

The Eagle Ranch PUD is a zone district authorized by the Town of Eagle Ordinance No. 5, Series of 1999, and containing the property commonly known as Eagle Ranch.

Floor area:

The floor area within the inside perimeter of the exterior walls of the building under consideration, without deduction for corridors, ramps, closets, the thickness of interior walls, columns, or other features. Floor area shall not include shafts with no openings, interior courts, stairs, mechanical rooms, garages, and decks and porches that are not enclosed.

Floor area, net:

Total floor area minus fifteen percent (15%).

Hotel, Motel and Lodge:

A building containing five or more accommodation units intended for temporary occupancy of guests. Accessory uses to these facilities may include offices, laundry facilities, recreation facilities, lobbies, lounges, kitchen and dining facilities, meeting rooms, retail and other similar accessory uses customarily associated with hotels, motels and lodges.

Planning Parcels:

The PUD Guide originally referred to Planning Parcels but these Planning Parcels have been replaced with references to subdivision plats and condominium maps. The PUD Development Plan has been replaced with a PUD Zone District Map that shows all of the platted parcels within the PUD and their zone designations. Individual subdivision plats and condominium maps can be found in the public records of the Eagle County Clerk and Recorder.

Seating Area:

The area within the interior of a restaurant or bar that contains tables, chairs, and bar stools used to calculate parking requirements.

3. PUD ZONE DISTRICTS – See PUD Zone District Map (Exhibit A)

The following are the PUD zone districts for Eagle Ranch. Any use not listed shall be prohibited unless determined to be a use similar to Uses By Right or Special Use or an accessory or ancillary use to those allowed as determined by the Eagle Ranch Association (or assigns) and the Town of Eagle Community Development Director (or assigns).

Special uses listed herein shall be processed in accordance with the Town of Eagle Municipal Code. No application for special use shall be accepted by the Town unless a written approval has been issued by the Eagle Ranch Association Executive Board or assigns. The Executive Board shall make the following findings when approving a proposal for a special use:

- A. The use is generally compatible with adjacent uses and other uses by right within the district allowed;
- B. The impacts generated by the use are able to be appropriately mitigated; and
- C. The use will likely have a positive impact upon the economic vitality of the district.

A. Neighborhood Center Commercial District

1. Purpose:

To provide for a neighborhood center which will allow for sites for a variety of commercial, residential, lodging, educational and recreational uses and activities in a mixed-use setting in order to serve the needs of the residents of Eagle. The uses by right in these parcels are intended to allow for flexibility, innovation and site sensitive planning that is responsive to both the design character and the functional requirements of the community.

There shall be a 25' building setback from all lot lines that front public roads. From other lot lines there shall be no minimum except must be sufficient to accommodate utilities, drainage, access, fire and building code regulations and flood plain of live streams.

5. Maximum Building Height:

35 feet.

4. **DENSITY CONTROL and WATER RIGHTS DEDICATION**

There is no additional residential density available in Eagle Ranch beyond what has already be subdivided and platted except for 75 dwelling units associated with senior care facilities located in Eagle Ranch Filing 29 and 160 dwelling units allowed in the Neighborhood Center Commercial District. Of the 160 dwelling units allowed in the Neighborhood Center Commercial District, 100 dwellings were created by amendment in 2021 at the request of the Executive Board of the Eagle Ranch Homeowners Association (Executive

Board). The Executive Board shall be responsible for dispersing the additional 100 dwelling units within the Neighborhood Center Commercial District subject to rules and regulations that it establishes. Accessory apartments appurtenant to owner-occupied single-family dwellings shall not be included in such limitation. The maximum square feet of gross commercial floor area in all planning parcels within the Eagle Ranch PUD shall not exceed 104,800 square feet, with the exception of medical related facilities on Lot 1, Filing 13 which shall not exceed 175,200 gross square feet and senior care uses on Lots 1 and 2, Filing 29 which shall not exceed 150,000 gross square feet, subject to the density and floor area conversion found in section B, 3, c.

Water rights dedication for 1,295 dwelling units and 445,200 sq. ft. of commercial floor area previously allowed by the PUD was found to be sufficient. The PUD was amended in 2022 to reduce the commercial floor area by 15,200 sq. ft., but the water rights associated with this decrease in commercial floor area was not eliminated. Any residential development in excess of 1,295 units will be responsible for paying a water rights dedication fee to the Town, prior to the issuance of a Development Permit, for the number of units being proposed in excess of the 1,295 dwelling unit limitation.

In the Neighborhood Center Commercial District, any conversion of a residential unit to a commercial unit, or of a commercial unit to a residential unit, shall be approved by the Eagle Ranch Design Review Board and subject to review by the Town subject to any applicable PUD requirements and building codes. However, no conversion shall be approved if such conversion would cause the maximum number of residential units or maximum commercial square footage set forth above to be exceeded. In addition, no conversion of a residential unit to a commercial unit shall be permitted if such unit has been designated an affordable housing unit pursuant to Section 13 of the Eagle Ranch Annexation and Development Agreement, and such conversion would reduce the total number of affordable housing units below the minimum number of required affordable housing units.

The Town of Eagle reserves the right to deny an application to subdivide (condominiumize) existing designated affordable housing units if the effect of such subdivision would reduce the total number of designated affordable non-owner occupied units below the number of such units agreed upon by the Town of Eagle and the developer of the Eagle Ranch PUD, if any, pursuant to Section 13 of the Eagle Ranch Annexation and Development Agreement.

The combination of two or more existing residential units into a lesser number of units shall be allowed. Approval by the Town shall be granted if such combination is in conformance with this PUD Guide and any applicable building codes. However, residential units designated as affordable housing units shall not be combined if such combination would reduce the total number of affordable housing units below the minimum number of required affordable housing units as set forth in Section 13 of the Eagle Ranch Annexation and Development Agreement.

The Eagle Ranch Association (Design Review Board) and the Town of Eagle shall have all remedies available to them at law or in equity to enforce the provisions of this Section.

The Eagle Ranch Association shall maintain a list of units developed and vacant lots allowing for a dwelling unit in order to understand the status of overall density within Eagle Ranch PUD.

5. **PARKING RULES AND REQUIREMENTS**

A. Parking Requirements

All uses within Eagle Ranch will be subject to the parking standards found below. Uses not specified shall be regulated by the Town Code. In the Neighborhood Center Commercial District there are shared parking facilities within existing parking lots owned by one of the community associations and on-street parking. The parking rates indicated below more closely align with a shared parking arrangement which takes into consideration hours of operation and parking characteristics of commercial and residential uses within the commercial area. With the exception of the parking spaces on Sylvan Lake Road all on-street parking spaces may be counted toward fulfilling commercial and residential parking requirements. As of January 1, 2021, there are 164 available on-street parking spaces.

Eagle Ranch Parking Requirements are provided in the table below:

Use	Number of Spaces
Single Family or Duplex	2 spaces per dwelling unit

B. Parking Rules

The Eagle Ranch Association and any sub-homeowner associations may adopt covenants and/or rules and regulations that are stricter than the ordinances of Town of Eagle related to parking of vehicles and trailers and storage of equipment, without limitation.

C. Parking Lot Design

Due to the unique characteristics of parking in the Neighborhood Center Commercial District and to maximize parking availability, there is no requirement for internal landscaping of parking lots in the Neighborhood Center Commercial District.

6. DESIGN REVIEW

Design guidelines have been adopted which establish architectural and building material standards, landscape design, urban design, site design standards and a design review process for development within Eagle Ranch. These guidelines, and any subsequent major revisions to the guidelines, shall be subject to the review and approval of the Town of Eagle. In the event that the Eagle Ranch Design Review Board ceases to fulfill its duties as described in the guidelines the Town of Eagle may assume the role of the Design Review Board.

7. SIGNS

Sign regulations and requirements are included in design guidelines adopted by the Design Review Board.

8. DOGS AND PET CONTROL

Each dwelling unit will be permitted to house up to two dogs and offspring up to three

months old. Residents will be prohibited from harboring dogs on their property unless they have adequate facilities (i.e., animals kept in residence, a fenced yard, dog run, or kennel) to contain the animals. Enclosed runs must be located immediately adjacent to the home, within the lot's building envelope if an envelope is required, and shall not exceed 1,000 square feet. If facilities are inadequate to contain the dog(s), the animals will be immediately removed from the subdivision until adequate structures can be built.

At no time are dogs to be allowed to run freely. Eagle Ranch shall be subject to any and all leash laws and other pet regulations as adopted by the Town of Eagle. Stray Dogs may also be controlled by the County and CDOW. Homeowners not in compliance with these dog restrictions will be responsible for any and all costs incurred by the Town, County, and/or CDOW for enforcing these provisions.

9. **AMENDMENTS TO THE EAGLE RANCH PUD GUIDE, PUD ZONING PLAN AND SUBDIVISION PLANS**

It is anticipated that modifications or amendments to this PUD Guide, the PUD Zoning Plan, and Subdivision Plans will be necessary from time to time as Eagle Ranch progresses. This PUD Guide provides for two types of modifications or amendments: minor and major.

A. Minor Modifications

Minor modifications are those changes which will not alter the original project concept but which may result in minor changes in the design of Eagle Ranch. Minor modifications include, but are not limited to internal road alignment alterations, minor adjustments to Planning Parcel boundaries, building envelope changes, modification of the text of the PUD Guide, and additions of land uses not previously listed but determined to be similar to listed uses. Minor adjustments to Planning Parcel or subdivision plat boundaries shall be defined as:

Change in land use of a parcel of property not to exceed 20,000 square feet to conform to the land use of property immediately adjacent to it, provided however, that the provisions of this article shall not apply to property adjacent to any parcel of property the land use of which has previously been changed pursuant to the provisions of this article. Minor modification shall also include any decrease in size of a Neighborhood Center Commercial District or Residential parcel that is offset by an equal increase in an open space parcel.

Minor modifications may be authorized by the Town of Eagle Zoning Administrator upon written request finding that the proposed modification does not significantly alter the basic intent of the Planning Parcels, does not result in incompatible uses, and does not result in substantial adverse impacts among uses within the PUD. The Zoning Administrator shall act upon any minor modification request within 30 days of such a request. Any decision by the Zoning Administrator may be appealed in writing to the Eagle Board of Trustees within 30 days of such decision.

B. Major Modifications

Major modifications are those changes not considered to be minor modifications and are changes that could alter the character or land use of a portion of the project. Major modifications shall include:

- 1) Any increase in the total amount of commercial space or the total number of residential units.
- 2) Any change in land use designation of any parcels within the PUD, except as provided above.
- 3) Any addition of land into the PUD.

Applications for major modifications shall be reviewed in accordance with the Town Code.

Approved by the TOWN OF EAGLE, COLORADO, a municipal corporation acting by and through its Town Council, this 11th day of January 2022.
