Tres Birds  
Attn: David Hoffman

RE: Red Mountain Subdivision Parcels 1 and 2

Dear David,

The above-mentioned development is within the certified service area of Holy Cross Energy.

Holy Cross Energy has adequate power supply to provide electric power to the development, subject to tariffs, rules and regulations on file. Any power line enlargements, relocations, and new extensions necessary to deliver adequate power to and within the development will be undertaken by Holy Cross Energy upon completion of appropriate contractual agreements and subject to necessary governmental approvals.

If your project is slated for construction this year, please advise us as soon as possible. You will need to enter into agreements with Holy Cross Energy, and pay for the project, sufficiently in advance of construction to avoid possible delays while materials are procured.

Please advise when you wish to proceed with the development of the electric system for this project.
